ASSAULT & BATTERY

300 BLOCK OF MEADOW VIEW CT, SERENITY LN

CHARLIE/ KINGS CREST, SUNNYSIDE

Deputy checked with negative results after a report of assault involving two unknown B/Ms and two unknown H/Ms. Contact was made with a 15 YO BM and 17 YO WHM, but both denied the incident, though the B/M appeared injured. Shortly thereafter, the B/M's mother advised her son had been assaulted. He eventually admitted that he had been assaulted by an unknown short B/M in a red Toyota Corolla that stopped as he rode his bike home through Kings Crest. Another B/M and a H/M were also in the vehicle; the H/M told them to stop assaulting the victim. He called his friend to come get him because he could not continue riding the bike due to his injuries. The friend advised that the same subject had assaulted him a short time after that. Deputy did not feel either was telling the whole story.
