

STAFFORD COUNTY SHERIFF'S OFFICE

Strategic Plan

2018-2021

March 28, 2018

*"Dedicated, innovative people,
working with the community, to
serve and protect Stafford County
while using the best tools and
technology available."*

At a Glance

In 1664, Stafford County became one of the first counties in Colonial Virginia to appoint a sheriff. Since then, a long line of sheriffs have served the county, including many who influenced the direction of our young nation, such as George Mason and William Fitzhugh. Sheriff David P. Decatur became Stafford's 108th Sheriff in 2016. Today, the Stafford County Sheriff's Office has 275 members and is responsible for law enforcement, court operations, emergency communications and community engagement.

Stafford continues to be one of the fastest growing communities in the nation. We also have a large transient population due to the military service members who come and go at nearby installations such as Quantico Marine Corps Base, Fort A.P. Hill and Dahlgren Naval Base. Our residents enjoy many amenities including beautiful parks and trails, high quality public schools, and many shopping and dining venues. More businesses – many of them known worldwide - have made their home in Stafford, including Lockheed Martin, Intuit and Geico. Families find Stafford an appealing location to make a home and many parents either work from home or commute to Washington, D.C., Northern Virginia and Richmond. These highly educated individuals count on us to keep them safe and they want to play an active role in that effort. The spirit of volunteerism is strong in our community and these volunteers assist in many law enforcement tasks. We are fortunate to have their support.

Such partnerships help us to enhance the safety of our county, build for the future, and preserve our historical treasures, environmental assets and strong community bonds.

As part of our efforts to continuously improve and prepare for the future, I am pleased to present our Strategic Plan. We have worked on this plan for the last several months and we look forward to using this document as our roadmap to capitalize on our strengths and address the challenges to our organization's progress.

When we began our Strategic Planning Process in the Fall of 2017, our goal was to develop thoughtful solutions to the challenges that we face through deliberative decisions and actions, ending with an action plan for a specified period of time. Over the last several months, we have reaffirmed our Mission Statement and developed a Vision, Vision Principles, Strategic Focus Areas and Strategic Goals that will guide our work as an organization over the next three to five years. All of these will be outlined in this document.

I would like to point out that although we have accomplished much during this process, our work is not over. Strategic planning requires regular evaluation and adjustment. As we achieve our goals, new challenges will undoubtedly arise and we will use our Strategic Planning Process to direct us toward workable solutions.

As we move forward, there will be many opportunities for you to directly participate in our Strategic Planning efforts. I encourage you to take advantage of these opportunities and help us set the path toward a successful and sustainable future.

It is an honor and a privilege to serve our community with you.

Sincerely,

Sheriff David P. Decatur

STRATEGIC PLAN TEAM MEMBERS

- 24 List of Team Members

In its efforts to continuously improve and prepare for the future, the Stafford County Sheriff's Office embarked on a strategic planning process in 2017. A Leadership Team was appointed to guide the organization through the process. Members of the Leadership Team are Sheriff David Decatur, Major Don Lenhart, Major John McAlister, Capt. Mike Null and Lt. Jason Dembowski. A Strategic Planning Team was also appointed to work through the process. The Sheriff's Office Command Staff serves on the Strategic Planning Team along with other personnel from their respective divisions. A detailed description of these groups is on page 10.

In addition, a Staff Support Team performs administrative tasks and assists the Leadership Team and Planning Team in moving the Strategic Planning Process forward. The Staff Support Team consists of Senior Law Enforcement Analysts Mike Neuhard and Cathy Vollbrecht and Administrative Specialist Rita Kooiman.

The Leadership Team, Strategic Planning Team and Staff Support Team met October 12-13, 2017 at Mt. Ararat Baptist Church in Stafford, Virginia for a Strategic Planning Retreat. The retreat was facilitated by Consultant Tom Davidson of Leadership Nature and included members from all divisions of the Sheriff's Office. The retreat served as a launching pad for the Sheriff's Office Strategic Planning Process.

Over the next several months, the Strategic Planning Leadership Team and Planning Team will use the work from the retreat to assess where the Sheriff's Office is and where it is going, and produce a roadmap to address the barriers to the organization's progress and capitalize on its strengths. The goal is to develop thoughtful solutions to the challenges that the Sheriff's Office faces through deliberative decisions and actions, ending with an action plan for a specified period of time. A detailed description of our Strategic Planning Cycle Year 1 Table can be found on page 22.

It is important to note that Strategic Planning is a dynamic process and involves change, some of it planned and some of it unexpected. As these changes occur, we will update this document so that it contains as much recent information as possible.

Strategic Goals and Objectives

The Strategic Plan provides a vision that calls for the Stafford County Sheriff's Office to work with the community and serve and protect Stafford while using the best tools and technology available. The Strategic Planning Leadership Team has developed seven strategic goals and accompanying objectives that define the priorities on which we will focus to achieve this vision.

Focus Area 1	Effective and Comprehensive Community Engagement Sub Focus Area: Community Engagement	
Goal 1	Why is this Important?	Objectives
To update and implement a comprehensive community engagement strategy and plan to strengthen relationships between the agency and the diverse communities in Stafford County to ensure police legitimacy, a safe community and prevention of, or preparedness for future community challenges.	Law enforcement officers personnel alone are not enough to keep the community that they serve safe and peaceful. We must collaborate with our community groups to devise solutions to challenges that impact our well-being as a whole. To do that, we must gain the community's trust, obtain their input, and conduct an ongoing conversation with members so that we can work toward a common goal of making Stafford the best place to live, work and raise a family.	1.1.1—Identify and document all current community engagement opportunities to include date of event, partners, audiences, role of Sheriff's Office, costs and goals of events and/or partnerships. Documentation should also include gaps, i.e. areas where community engagement is missing.
		1.1.2—Research and document community engagement practices for law enforcement best practices from the region, state and nation.
		1.1.3—Solicit and compile engagement ideas from the SCSO staff to include a plan to involve key community stakeholders in a community engagement plan.
		1.1.4—Solicit and compile engagement ideas from community stakeholders.
		1.1.5—Construct a recommended SCSO community engagement plan, based on the research findings, including cost, schedules, locations and resources required. The plan should address law enforcement involvement in a non-law enforcement capacity.
		1.1.6—Prepare a report summarizing the above information and any additional recommendations for consideration by the Sheriff and his command staff.
		1.1.7—Provide executive direction and training to appropriate divisions to implement accepted recommendations.

A Strategic Plan is not meant to be left on a shelf. The Stafford Sheriff's Office developed this Strategic Plan to provide a roadmap for our future—a map that includes an ambitious vision and goals and strategies to help us achieve that vision. Throughout this process, we will be able to better access the changing environment and be prepared to respond to these challenges in a consistent, comprehensive and thoughtful way.

Legacy of Excellence

The Stafford County Sheriff's Office has fostered a legacy of excellence to our community since 1664. Through the implementation of this Strategic Plan, we will be able to continue building on that legacy.

By gathering information; revisiting our vision, mission and mission on a regular basis; checking on our goals and refining them if needed; planning actions to affect change; and constant monitoring and evaluating our efforts and remaining accountable to each other and those we serve, we will be able to sustain our legacy for generations to come.

Continuous Improvement

By researching and adapting best practices, we will ensure that we employ the most efficient and effective ways to provide the best services to our community, conduct business internally and externally, and promote positive employee relationships.

Focusing on our employees' development will

also help us retain high quality individuals and prepare them for leadership positions within the organization.

Enhanced Community Partnerships

Working closely with our community partners and strengthening these relationships will help us

better respond to our diverse and dynamic environment. These efforts will also open lines of communication so that we are providing information to each other proactively instead of reactively. These collaborations will help us devise solutions to the challenges that impact our well being as a whole and will help create a high quality of life for those who live and work in Stafford.
