

# Stafford County Sheriff's Office Strategic Plan 2020-2023 2021 UPDATE

"Dedicated, innovative people, working with the community, to serve and protect Stafford County while using the best tools and technology available."

### Message from the Sheriff

Although Covid-19 wreaked global havoc, it failed to stop the world from moving forward. Such was the state of our strategic planning efforts in 2020. While the pandemic forced us to cancel our annual Strategic Planning meeting to keep our staff healthy and safe, we still made great progress on our roadmap to capitalize on our strengths and develop thoughtful solutions to our challenges.

The purpose of this report is to provide an update on that progress. Despite some delays due to responding to Covid-19, our Focus Groups worked through many of the objectives you'll see later in this document and developed recommendations to meet those goals. In addition, implementations of those recommendations from the 2019 Focus Groups that were approved by the Leadership Team continued throughout 2020.

We also wanted to recognize the impacts that Covid-19 had on us, both organizationally and personally, so we sent out a survey to each employee. The response rate was very high. The Strategic Planning Leadership Team analyzed the results and compiled the findings. You will find a summary of those findings on page 12.

All of this information would have been shared with our Strategic Planning team members during our annual meeting. But because that was canceled, we rolled out the information to our team virtually in January 2021 using emails and videos.

To learn more about our strategic planning efforts, please visit our website at www.staffordsheriff.com. Click on the "About Us" link and then the Strategic Plan link.

My thanks goes out to our staff for their commitment to our strategic planning progress and to our community for your continued support.

Sincerely,
Sheriff David P. Decatur

### At a Glance

In 1664, Stafford County became one of the first counties in Colonial Virginia to appoint a sheriff. Since then, a long line of sheriffs have served the county, including many who influenced the direction of our young nation, such as George Mason and William Fitzhugh. Sheriff David P. Decatur became Stafford's 108th Sheriff in 2016. Today, the Stafford County Sheriff's Office has 297 members and is responsible for law enforcement, court operations, emergency communications and community engagement.

Stafford continues to be one of the fastest growing communities in the nation. We also have a large transient population due to the military service members who come and go at nearby installations such as Quantico Marine Corps Base, Fort A.P. Hill and Dahlgren Naval Base. Our residents enjoy many amenities including beautiful parks and trails, high quality public schools, and many shopping and dining

venues. More businesses many of them known worldwide made have their home in Stafford, including Lockheed Martin, Intuit and Geico. Families find Stafford an appealing

location to make a home and many parents either work from home or commute to

Washington, D.C., Northern Virginia and Richmond. These highly educated individuals count on us to keep them safe and they want to play an active role in that effort. The spirit of volunteerism is strong in our community and these volunteers assist in many law enforcement tasks. We are fortunate to have their support.

Such partnerships help us to enhance the safety of our county, build for the future, and preserve our historical treasures, environmental assets and strong community bonds.

### **Update of Strategic Planning Efforts**

Each year since 2017, the Stafford County Sheriff's Office holds a Strategic Planning Retreat to build on its strategic planning progress and to plan for the next four years. The Strategic Planning Team, which includes members of the Sheriff's Office Command Staff and a cross-section of employees from different divisions, discusses progress, accomplishments, and plans for the future and to review organizational information from within the Sheriff's Office as well as from County staff.

The annual Strategic Planning Retreat that was to take place in November 2020 was canceled to keep the Stafford County Sheriff's Office staff safe and healthy during the Coronavirus pandemic. A virtual rollout of the informational materials was provided via emails and videos to the full Strategic Planning Team and will also be shared with the full organization.

As a result of the 2019 retreat, two new Focus Areas were defined: Traffic Safety and Supporting Our

People. Focus Groups were assigned to work on these areas. In addition, implementations of those recommendations from the 2019 Focus Groups that were approved by the Leadership Team continued throughout 2020.

A Status of Recommendations report for the Focus Groups is updated each month. This report tracks and monitors the implementation of Focus Group recommendations that were approved by the Sheriff's Office Leadership Team. New recommendations are added once they are approved by the Leadership Team.

To see all of the Focus Areas that were set since the Sheriff's Office's Strategic Planning efforts began in 2017, please visit www.staffordsheriff.com and click on the About Us link. Then click on the Strategic Plan link.

Quarterly reports are also completed and shared with the SCSO organization. These reports provide updates on the progress of the Focus Groups.
